EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: To correct some obvious typographical errors in:

- Claim 8, line 7, and claim 11, line 19, change: "gets" to -- gates --;
- Claim 12, line 2, change: "gate" (first occurrence) to -- gates --.

The following is an examiner's statement of reasons for allowance: None of the references of record teaches or suggests the claimed method of measuring a gate channel length of a MOS transistor including the step of using the first inverse gate leakage current, the second inverse gate leakage current, the channel widths of the first and the second gates, the channel length of the first gate and an equation to obtain the channel length of the second gate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
